Antoine JASNAULT

SUPPLY CHAIN MANAGER

Planning · Operations · Logistics · Inventory — Pharma & Biotech

Av. Druey 19, 1018 Lausanne | +41 78 734 69 93 | a_jasnault@hotmail.com | linkedin.com/in/antoine-jasnault

PROFILE

Supply chain leader with 15+ years of international experience in pharma and biotech, currently running warehouse and distribution operations for a cGMP site. I combine strong floor presence and hands-on team leadership with rigorous GMP/GDP compliance, inventory accuracy and real-time ERP/WMS discipline. Green Belt Lean Six Sigma and data-driven by default, I define and drive KPIs — from dock-to-stock to picking productivity — and lead continuous-improvement and digitalisation to keep materials flowing, uninterrupted, to manufacturing. Experienced with temperature-sensitive biologics and cold-chain vaccines.

CORE COMPETENCIES

Operations & Quality

- Daily execution: goods receipt, put-away, picking & staging
- GMP / GDP compliance and SOP discipline
- Lot traceability & real-time ERP / WMS accuracy
- Cycle counts, inventory accuracy & reconciliation
- Audits, inspections, deviations & CAPA with QA

Leadership & Operational Excellence

- Team leadership, coaching & performance management
- EHS enforcement & safety / housekeeping culture
- Warehouse KPIs: dock-to-stock, productivity, capacity
- Continuous improvement, Lean Six Sigma & digitalisation
- Cold-chain / temperature-controlled materials

PROFESSIONAL EXPERIENCE

2025 – Today

Warehouse & Distribution Supervisor

Merck, Aubonne · **cGMP pharma**

- Lead and manage the warehouse & distribution team, ensuring the uninterrupted flow of components to manufacturing in a cGMP environment
- Own inventory accuracy, lot traceability and real-time WMS transactions; remove bottlenecks through daily floor presence
- Enforce EHS and GMP compliance — safety culture, housekeeping and audit readiness, in partnership with QA
- Designed and deployed an open-source Warehouse Management System and drive continuous-improvement initiatives

> **Key results:** 0 late shipment and 0 human-error deviation over 6 months — live WMS at warehouse-mgmt-sys.lovable.app

2017 – 2024

Founder & Operations Manager

Le Grenier – Coopérative de la Brouette, Lausanne

- Created and grew the company end-to-end with full operational and P&L autonomy — a hands-on, execution-first environment
- Hired, trained and developed a team of up to 6 (receipt, picking, delivery)
- Selected suppliers, wrote SOPs and defined routing, storage and distribution strategies

> **Key results:** CHF 700K annual turnover (2023) — supplier to Ville de Lausanne, Royal Savoy and Fondation Bois-Gentil

2015 – 2017

Global Supply Planner

Baxalta, Neuchâtel · **cGMP biotech**

- Built and maintained the multi-site Master Production Schedule (5 sites, 3 production steps) for temperature-sensitive biologics
- Led the S&OP implementation across 5 sites to secure uninterrupted supply to manufacturing
- Balanced demand and supply against capacity and budget

> **Key results:** S&OP process deployed on the Neuchâtel site

2014 – 2015

Supply Chain Executive

Philip Morris International, Neuchâtel

- Short- and mid-term planning for the UK & Baltics markets
- Product lifecycle management and destruction control

> **Key results:** Neutral-pack rollout on the UK market (packaging destruction cost below EUR 10K)

2012 – 2013

Supply Chain Manager France

Abbott, Paris · **pharma**

- Managed a 30-person department — staffing, budget, coaching and performance reviews
- Ran stock management — inventory policy, cycle discipline and supplier follow-up
- Built a new distribution network across pharmacies, hospitals, wholesalers and 3PLs

> **Key results:** Transferred the Hospira portfolio (500 SKU) to Abbott Enterprise and reduced write-offs by 20% (EUR 30K)

2008 – 2012

Filling Planning & Inventory Manager

GlaxoSmithKline Vaccines, Brussels · **cGMP biotech**

- Managed a GBP 1bn inventory of cold-chain vaccines — R/3 super-user and trainer on the write-off and cycle process
- Planned 200 items across 8 brands — APO-SNP super-user and trainer
- Demand management — phasing tender deliveries and budget

> **Key results:** 7% growth on Infanrix Hexa with no stock-out, enabled by VMI

2006 – 2008

Supply Chain Coordinator

Sanofi-Aventis, Cyprus / Malta / Paris · **pharma**

- Managed the distribution tender for the Cyprus & Malta affiliates — external transport, logistics & customs
- Sales forecasting (300 SKU) and budget / Long-Range Plan exercises

> **Key results:** Merged the distribution networks of the Sanofi and Aventis portfolios

EDUCATION & CERTIFICATIONS

2005 MSc, Supply Chain Management — ISLI, Bordeaux

2004 BSc, International Trade (major: Logistics) — IPAG, Paris

2014 Green Belt, Lean Six Sigma — EuroSymbiose, France

2025 MOOC, Elements of AI — University of Helsinki
